Material Safety Data Sheet

This document is prepared pursuant to the OSHA Hazard Communication Standard (29 CFR 1910.1200)

**EMERGENCY PHONE:
1-800-535-5053**

Section 1: Product Identification

Product Name: MOP & GO ENZYME FLOOR CLEANER
Product Number: H207
Product Use: Enzyme Floor Cleaner, No Rinse Required.

DOT Classification: Not Hazardous
Proper Shipping Name: pH Neutral Detergent
UN# or NA#: N/A

1 Health	Hazard Rating	H.M.I.S Abbreviation Key: N.A.-Not Applicable N.E.-Not Established N.D.-Not Determined
0 Fire	4=Extreme 3=High	
0 Reactivity	2=Moderate 1=Slight	
Maximum Personal Production	0=Insignificant	

A= Goggles B=Goggles & Gloves C=Goggles, Gloves & Apron

Section 2: Hazardous Ingredient Information

Hazard Chemical Identity: None
Carcinogens: None Suspected

All components of this product are exempt under 40 CFR 720.30.

Chemical Name	CAS #	Amount
1,3 Dichloromethane	542-75-6	0.000005
Dichloromethane	75-09-2	0.000006

Chemical Ingredients
Proprietary Enzyme Formula, Surfactants, Natural Orange Scent

Section 3: Physical Data

Color: Clear Green
Odor: Citrus, Orange
Physical State: Liquid
Solubility in Water: Complete
Boiling Point: 100 C°
Freezing/Melting Point (Deg/F): 0 C°
Vapor Pressure (mm HG): N/E
Vapor Density (Air=1): >1
Evaporation Rate (N-Butylacetate=1): >1
Volatile Organic Compounds (VOC): None
Heat of Solution: N/A
pH: 7
Specific Gravity (Water=1): 1.008 @ 20°C

Section 4: Fire and Explosion Hazard Data

Flash Point (Method Used): N/A - Product does not support combustion.
Flammable Limits: LEL: N/A UEL: N/A
Extinguishing Media: Use Appropriate extinguishing media for the surrounding fire. 3-3 3-4
Special Fire Fighting Procedures: None
Unusual Fire and Explosion Hazards: Product does not support combustion.

Section 5: Reactivity Data

Chemical Stability: Stable
Incompatibility (Materials to avoid): Do not mix with other chemicals.
Hazardous Decomposition Products: None
Hazardous Polymerization: Will not occur
Conditions to Avoid: None

Section 6: Health Hazard Data

Threshold Limit Value: N/E
Overexposure Effects/Comments: None
Exposure Limits/Data: OSHA: No ACGIH: No
Other effects/Data:
Eyes: May Cause Irritation
Skin: May Cause Mild Irritation
Ingestion: May Cause Intestinal Discomfort
Inhalation: May Cause Sensitization

Emergency & First Aid Procedures:

Eyes: Immediately flush eyes with water for at least 15 minutes while keeping eyelids opened. Get medical attention if irritation persists.
Skin: Wash with plenty of cool water. If redness or discomfort persists, call a physician. Wash contaminated clothing before re-use.
Ingestion: Drink cool water. Do NOT induce vomiting. Get immediate medical attention. NEVER GIVE ANYTHING BY MOUTH TO AN UNCONSCIOUS PERSON.
Inhalation: Remove victim to fresh air. If person is having difficulty in breathing, get immediate medical attention.

Section 7: Special Protection Information

Respiratory Protection (Specify Type): None needed.
Ventilation: None Needed.
Special: To prevent skin contact.
Protective Gloves: Recommended but None Needed.
Eye Protection: Safety glasses or goggles are recommended to prevent accidental entry into the eyes.
Other Protective Equipment: Eye wash for emergency use should be located in working area.
STEPS TO BE TAKEN IF MATERIAL IS SPILLED OR RELEASED: Wear necessary personal protective equipment. Ventilate area of spill. Rinse spill down drain with enough water to dilute solution as directed. If no drain is available, wipe spill with disposable material. Dispose of outside and in accordance with federal, state and local regulations. 50056-1 50056-2

Section 8: Special Precautions

Precautions to be taken in handling and storage: Avoid contact with eyes. Store at Room Temperature in well ventilated area. Do not store near food. Use common sense and sound industrial hygiene practices when handling this material as well as any other materials. Keep containers closed when not in use. Wash hands after handling. 50056

Section 9: Empty Container Information

Dilute solution as directed and dispose in regular drain lines. Any questions regarding disposal should be directed to the proper government agency.

Section 10: Preparation Information

Product Description

Mop & Go Enzyme Floor Cleaner is designed for the daily cleaning of floors with no rinsing required. It's unique enzyme detergent combination cuts through grease while destroying and digesting organic soils at the source. It's biodegradable, non-flammable, non-corrosive, phosphate-free formula is safe for everyday use.

Use Directions

Mop & Go Enzyme Floor Cleaner is ready to use once it is diluted with warm water into a mop bucket through LabTek's automatic proportioning unit. Mop solution onto floor in a usual manner. Allow floor to dry naturally. **DO NOT RINSE**. Product will continue to digest and eliminate food and grease as floor dries. Change cleaning solution as it becomes soiled.

General Dilution: Use (1) ounce per 4 gallons of water. Use (2) ounces for heavily soiled surfaces.

Areas of Use

Designed to be used as a No-Rinse, concentrated, neutral pH, enzyme floor cleaner. For use on all washable flooring surfaces. Safe enough to use on walls, paneling and other hard surfaces. Will not soften or damage waxed or finished floors.

Safety Precautions

Caution! May cause irritation to eyes. May cause mild irritation to skin. May cause gastrointestinal distress if swallowed. Read label and MSDS for a complete list of hazards and safety precautions. Keep this product and all chemicals out of the reach of children.

Shipping Classification

None Required

Packaging

4 x 1 Gallons per Case

Properties

FORM:	Liquid
COLOR:	Clear Green
pH:	7.0
SPECIFIC GRAVITY:	1.01 gm/mL
FRAGRANCE:	Citrus, Orange
HARD WATER TOLERANCE:	>20 grains
USE DILUTION:	1 to 2 ounces per 4 gallons warm water
